

# Cross Road and Fullarton Road Intersection Upgrade

## Landscaping Fact Sheet

The Australian and South Australian governments have jointly funded (50:50) \$61 million to upgrade the Cross Road and Fullarton Road intersection. The completed upgrade improves travel times and road safety, increase intersection capacity and enhance network reliability.

As part of the project, new landscaping is being established around the intersection, incorporating approximately 80 semi-mature trees and 900 shrubs.

The landscape design and plant selection complement the local biodiversity, assisted by careful selection of trees and shrubs suitable to the area.

All new landscaping areas have been irrigated to assist with establishing the new trees and shrubs and to maintain them into the future.

Please see over the page for more information about the landscape plan and plant selection.

Landscaping works will continue until late August 2023 (weather permitting).

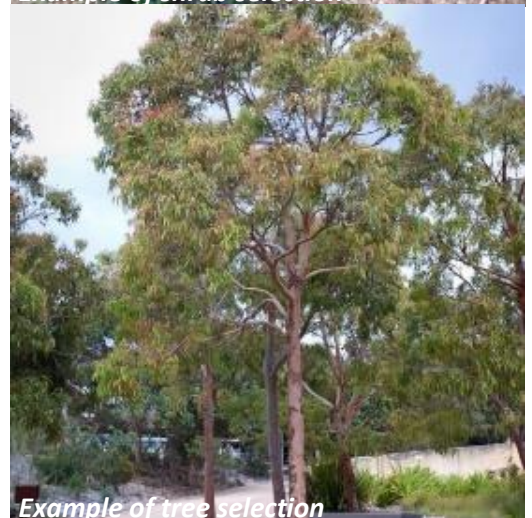

### More information

To find out more about the project, please contact us on the details below:

Plant Selection (examples shown at maturity – species may vary)

***Angophora costata***

Common name: Smooth-Barked Apple  
Mature size h: 15 x w: 10m

***Fraxinus Augustifolia 'Raywood'***

Common name: Claret Ash  
Mature size h: 12 x w: 9m

***Fraxinus griffithii***

Common name: Evergreen Ash  
Mature size h: 7 x w: 4m

***Anigozanthos rufus 'Kings Park Federation Flame'***

Common name: Kangaroo Paw  
Mature size h: 1-1.5 x w: 0.5-1m

***Dianella revoluta***

Common name: Black Anther Flax Lily  
Mature size h: 0.3-0.75 x w: 0.5-2.5m

***Lomandra longifolia 'Tanika'***

Common name: Fine-Leaved Lomandra  
Mature size h: 0.5-0.7 x w: 0.7m

***Westringia fruitcosa 'Blue Gem'***

Common name: Coastal Rosemary  
Mature size h: 1.5 x w: 1.3m
