

Freight Highway Upgrade Program

Augusta Highway and Stuart Highway Works Notice

We are delivering upgrades to improve the safety and reliability of national freight routes across the state.

The \$500 million program is funded by the Australian (80%) and South Australian (20%) governments over 10 years.

What's happening:

We are undertaking pavement rehabilitation works and road widening on the Stuart Highway and Augusta Highway at multiple locations between Yorkeys Crossing Road and Northern Power Station Road.

How this affects you:

Works will be undertaken day and night for the duration of the project. This allows for noisy works, such as profiling to be undertaken during the day when they are less likely to impact residents.

Works will move progressively around the various locations.

To do these works safely, the Augusta Highway and Stuart Highway will be reduced to a single lane with traffic controllers in place to help manage the flow of traffic. Speed restrictions will also be in place for the duration of the works. Intermittent short term local detours will be in place as required. Please follow onsite local signage and traffic controllers.

Some properties will have some short-term restricted access. Affected property owners, residents and businesses will be contacted directly prior to the works. Traffic controllers will be on site to assist with access. There may be some noise and dust from time to time, but we'll do our best to keep the disruption to a minimum. You might also notice some odours, which is normal during asphalt work.

Speed restrictions will remain in place until line marking is fully complete in mid-2024.

For traffic management queries during the night work hours please contact the Department's contractor, Downer. Site Contacts will change throughout works, please refer to the table overleaf.

When

Sunday 26 May to mid-2024 weather permitting

Hours of operation

Sunday to Friday

24 hours a day on the **Stuart Highway** from Sunday 26 May for approximately one week.

24 hours a day on the **Augusta Highway** from Wednesday 29 May for approximately two weeks.

Where

At multiple locations along Stuart Highway and Augusta Highway, see map.

Australian Government

Government of South Australia

Department for Infrastructure and Transport
