

# Ethelton Railway Station

## Station Upgrade works

The South Australian Government committed \$9.9 million to upgrade the Ethelton Railway Station. The upgrade included new platforms that are more accessible and an improved passenger safety and experience.

### What's happening

The Ethelton Railway Station will be re-open to public transport users from **Sunday 3 November 2024**.

Some minor works, including landscaping, the installation of a mural, the rectification of any defects and the demobilisation of the site compound, will occur after this time.

### How this affects you

The site offices located in the Ethelton Railway Station carpark will remain in place until late November 2024.

There will be traffic management in place at times whilst we demobilise from site. Please follow traffic management directions while works are in progress. Speed and lane restrictions will be required while works are underway.

Thank you for your support and patience while these works were undertaken.

#### When

From Sunday 3 November

#### Where

Ethelton Railway Station
