

## SAMIS Build 13.26

### Overview

The SAMIS Build Initiatives & Enhancements Communication Bulletin contains information about business and system changes that have occurred and been deployed into SAMIS production.

---

### Deployment Date

7<sup>th</sup> March 2019

---

### Enhancement Details

- **SE-361 Removed Author Name from Documents and Images**

The author's name has been removed from the Documents and Images screen and is no longer required to be entered by the person cataloguing the updated drawings

- **SE-327 SAMIS Searching Request – Attributes and Search Function**

When selecting a record after using the Advance Search or Asset Search Options, additional information relating to the record will now be displayed.

- **SE-253 Add Password Reset Function**

The users now has the ability to reset their own password if a password has been forgotten or the account has been locked.

- **SE-365 Bring Down the SAMIS ID Number from URL to the Bread Crumb Trail**

The SAMIS ID number will now appear in the breadcrumb trail across the top of the SAMIS page and will also be present in the General Details screen.

- **SE-307 Modify SAMIS Time-Out**

A web page message will now appear when the screen has been left unattended for 17 minutes indicating to the user has 3 minutes remaining before the system times out.

- **SE-391 Unable to Select Levels/Rooms on Services FDE for Site that only have one Building**

A SAMIS Fast Data Entry screen bug has been corrected to allow users to select rooms from the drop-down list where there is only one building on the site.

- **SE-353 Unable to add Room via Fast Data Entry for Asset 09781**

SAMIS had been displayed an incorrect error message when adding a room that already existed. This has been corrected to display the correct error message.
