

Darlington Upgrade Project

Major weekend and night works

South Road, St Marys

12 - 15 July 2019

As part of the Darlington Upgrade Project, major traffic restrictions will be in place on the section of South Road between Lloyd Street and Brookman Avenue, St Marys, from 8pm Friday 12 July until 6am Monday 15 July 2019.

The restrictions will be in place to allow for road resurfacing works for the Darlington Upgrade Project.

Traffic restrictions

- Tobruk Avenue, Quinlan Avenue and Brookman Avenue will be closed at South Road.
- Vehicles wishing to access these streets will need to do so via an alternative route. The map overleaf provides further details.
- Traffic on South Road through the work area will be reduced to one lane in each direction. Both of these lanes of traffic will run on the northbound carriageway of South Road.
- The right turn out of Tonsley Boulevard onto South Road will not be permitted.

A profiler, crane, excavator, asphalt truck and lighting towers will be used.

Please follow on-site signage for access to local businesses.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to local residents as much as possible.

The above works are weather dependant so may need to be rescheduled in the case of excessive rain.

If you have any questions or would like to speak to a member of the project team who will be available 24 hours, seven days a week, please contact us on 1300 759 334 or alternatively email:

enquiries@gatewaysouth.com.au.

Thank you for your patience while these important works are undertaken.

Kind Regards,
Darlington Upgrade Project Team
