

Glen Osmond Road and Fullarton Road Intersection Upgrade

Night works and temporary detour

What's happening:

As part of the project finishing works, line-marking will be undertaken on Chessington Avenue and Main Avenue (between Chessington Avenue and Avenue Road).

How this affects you:

To minimise the impact to road users, these works will be undertaken at night, on Monday 4 March 2024, weather permitting.

To safely facilitate these works, **Main Avenue (between Chessington Avenue and Avenue Road) will be temporarily closed.**

Local access will be provided to residents on Main Avenue within the work area and Chessington Avenue.

Access to Frewville Foodland will be via Main Avenue from Glen Osmond Road only.

All other motorists will be required to detour via Glen Osmond Road, Frederick Street and Avenue Road. Refer to the map overleaf for details.

Please plan ahead and expect some delays.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

Access to properties will be maintained throughout the works wherever possible, with advance notice provided if there is a need to temporarily restrict driveway access.
