

Main North Road and Target Hill Road, Salisbury Heights

Project Update

We are improving road safety and accessibility in the northern suburbs.

This program involves planning, designing and constructing upgrades to improve access to and from local roads and improve access for vehicles to travel north from Salisbury Heights.

What's happening

We are upgrading the junction of Main North Road and Target Hill Road in Salisbury Heights.

Early works, including site investigation and surveying, will be undertaken from Monday 5 May 2025. Major works will commence from Tuesday 13 May 2025 with overall completion in August 2025, weather permitting.

This upgrade includes:

- installation of new traffic lights at Main North Road and Target Hill Road to safely facilitate right turn movements from Target Hill Road
- installations of two right turn lanes on Target Hill Road
- installation of new Pedestrian Actuated Crossings and pedestrian refuges
- installation of a bicycle lane on Target Hill Road to Main North Road including bicycle push buttons at the lights
- removal of on-street parking on both sides of Target Hill Road between Canterbury Drive and Main North Road.

See the latest concept plan overleaf or visit our project website.

How this affects you

To do this work safely, from Tuesday 13 May 2025 Target Hill Road will be closed between Main North Road and Canterbury Drive 2025 for the duration of the project. During this time a detour will be in place, see detour map overleaf for more information.

Access to properties will be maintained. Advance notice will be provided if there is a need to temporarily restrict driveway access.

When

Monday 5 May 2025 to late August 2025, weather permitting

Hours of Work

Monday to Saturday
Between the hours of 6am and 7pm

Some night works may be required.

OFFICIAL

There will also be intermittent lane restrictions on Main North Road throughout the project area, with speed restrictions in place throughout the area for the duration of the project.

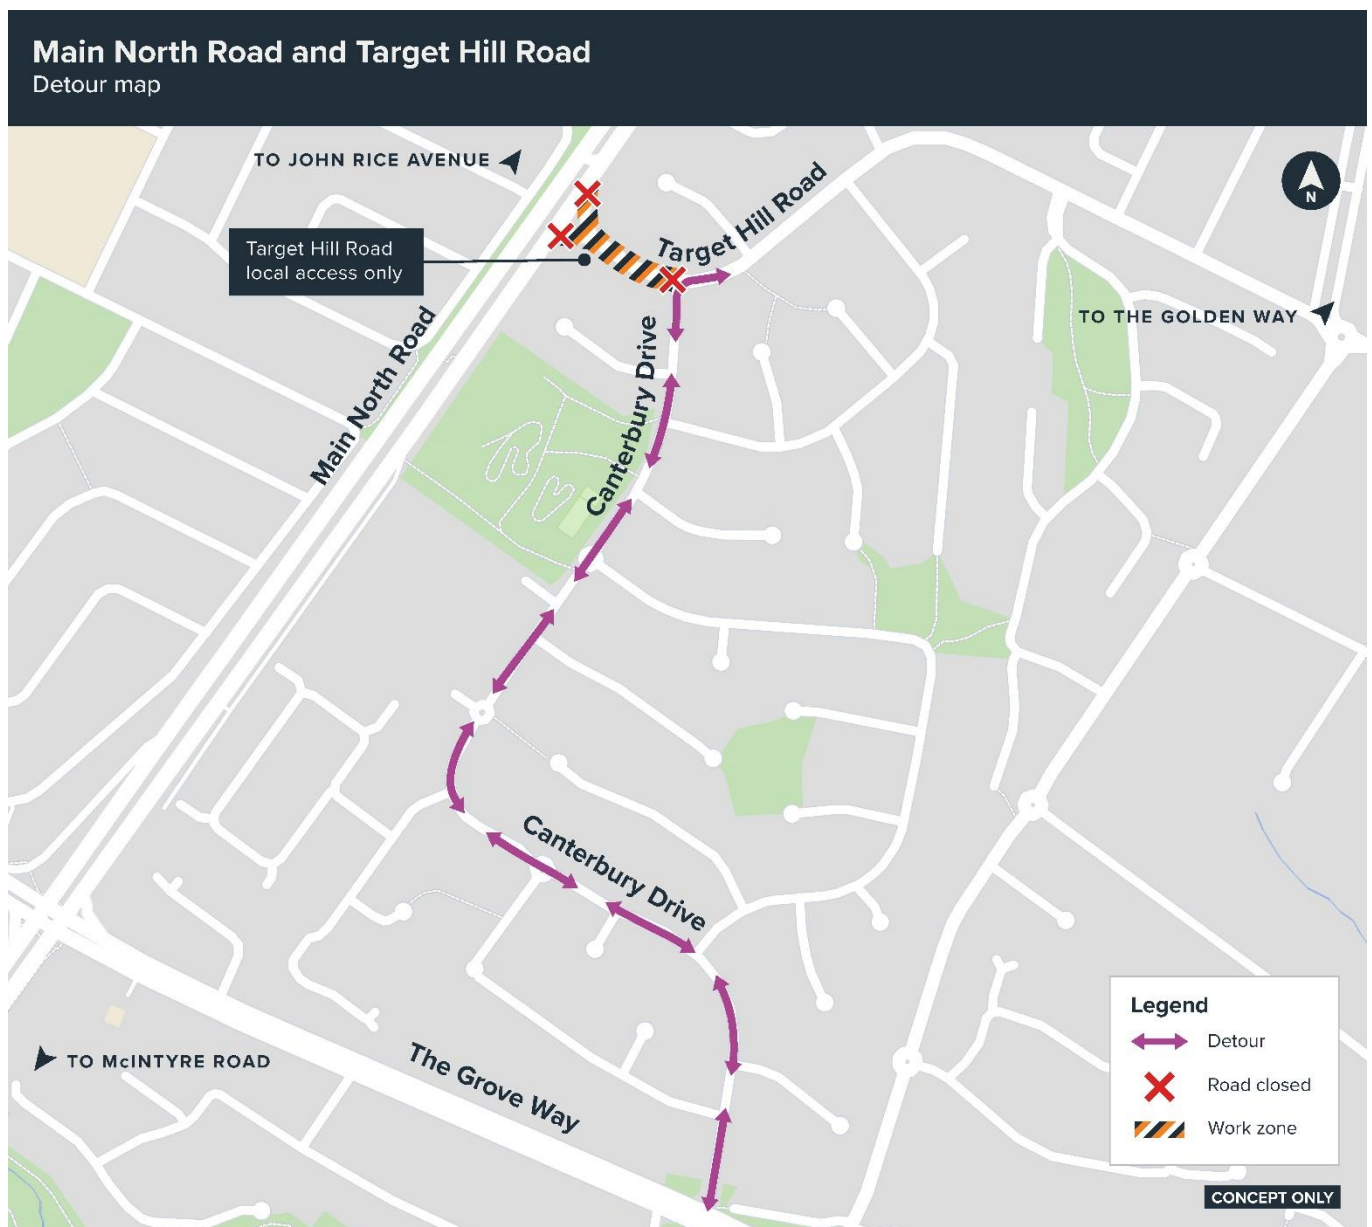

Pedestrians and cyclists, please be cautious when passing through work zones. Some areas might have limited access for safety. We'll put up signs to guide you to other routes if needed.

Bus stops in the area might be affected for a short time. Please pay attention to the signs at the bus stops and check the latest updates at [adelaidemetro.com.au](https://www.adelaidemetro.com.au) for more information.

During the works, there may be some noise and dust from time to time, but we'll do our best to keep the disruption to a minimum.

Thank you for your patience while these important works are undertaken.
