

Majors Road Interchange

Project Update

The Majors Road Interchange Project will provide commuters in the southern suburbs further access to the Southern Expressway, whilst providing all commuters improved access to Glenthorne National Park - Ityamaitpinna Yarta, Sam Willoughby International BMX Facility and Southern Soccer Facility from the Southern Expressway.

Majors Road is an important arterial road, providing a key connection between Lonsdale Road and Main South Road. Majors Road currently carries approximately 13,200 vehicles per day. The Southern Expressway carries approximately 74,000 vehicles per day between Darlington and the Reynella interchange and supports economic activity in Adelaide's southern commercial and industrial areas, and facilitates tourist travel on the Fleurieu Peninsula.

Following community feedback the Department for Infrastructure and Transport (the Department) has developed a proposed concept design for the new Majors Road Interchange. The Department is now seeking community feedback on the proposed design.

Glenthorne National Park - Ityamaitpinna Yarta

The proposed concept design has been developed to include minimal impact to the Glenthorne National Park - Ityamaitpinna Yarta. It also provides for no impact to significant vegetation and no impact to Glenthorne Farm. No portion of the National Park will be further isolated from any other part of the National Park under the current design. There is also no impact to the O'Halloran Hill Recreational Park.

Key features of the proposed concept

The key features of the proposed concept include:

- **New on and off ramps** – to the Southern Expressway for access to and from the Adelaide CBD and North South Corridor.
- **New on and off ramps** – to the Southern Expressway for access to and from the southern suburbs, North South Corridor and Fleurieu Peninsula.
- **Upgrading of the Majors Road Bridge** – to accommodate six lanes, including two through lanes and a dedicated right turn lane, onto the Southern Expressway, in each direction.
- **Widening of Majors Road** – for the extent of works to provide two through lanes in both directions.
- **Installation of traffic signals** - at the junction of Majors Road and Adams Road which will incorporate an access to Sam Willoughby International BMX Facility and O'Halloran Hill Recreation Park.
- **A new underpass** - ensuring continuous access and use of the Patrick Jonker Veloway.
- **New Shared Use Path** - on the southern side of Majors Road to connect Main South Road to Lonsdale Highway (undertake in conjunction with City of Marion).

Have Your Say

The Department will continue to engage with key stakeholders, local council and the community as the project progresses.

We invite you to provide your feedback via a range of options, including:

- completing an online survey via the project website
- visiting one of our pop-up centres (details below)
- calling 1300 794 880 to speak to the project team; or
- emailing DIT.MajorsRoad@sa.gov.au

Pop Up Stall Locations

Come and speak with a member of the project team in person on the following dates.

Hallett Cove Shopping Centre

246 Lonsdale Rd, Hallett Cove

Wednesday, 30 November 2022 from 10am - 3pm

Hallett Cove Shopping Centre

246 Lonsdale Rd, Hallett Cove

Saturday, 3 December 2022 from 10am - 3pm

O'Halloran Hill Recreation Park

cnr Majors Road and Adams Road, O'Halloran Hill

Sunday, 4 December 2022 from 12pm - 3pm (weather permitting)

Aberfoyle Hub Shopping Centre

cnr Hub Drive & Sandpiper Crescent Aberfoyle Park

Tuesday, 6 December 2022 from 10am - 3pm
