

# Cross Road and Fullarton Road Intersection Upgrade

## Urrbrae Gatehouse – Works Commencement

**Due to design of the new Cross Road and Fullarton Road intersection, the heritage listed Urrbrae Gatehouse could not be retained in its current location. After considering feedback from the broader community and The University of Adelaide, the Department for Infrastructure and Transport plan to relocate the Gatehouse to a new site on Claremont Avenue, Urrbrae.**

Works to rebuild and repurpose the Gatehouse in its new location on Claremont Avenue commenced on Monday, 27 February 2023 and will be carried out between the hours of 7am and 5pm, Monday to Saturday. No works will be undertaken on Sundays.

While majority of the works will occur within the University Campus, some works may also be undertaken in Claremont Avenue. Advance notice of future works will be provided as works progress.

Speed and lane restrictions may be in place in the vicinity of the works. Please take extra care when workers are on site and observe speed limits, lane restrictions and traffic controllers when travelling through the area.

The project team will contact individual property owners if their access is affected by the works.

Every effort will be made to minimise impacts to surrounding properties and road users, as much as practically possible. Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access.

Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours. Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

The works are expected to be complete in late 2023, weather permitting.
