

# West Lakes Boulevard and Turner Drive Intersection Upgrade

## Night Works

The Australian Government has committed \$334,000.00 through the Australian Government's Federal Black Spot Program to upgrade the intersection at West Lakes Boulevard and Turner Drive, West Lakes.

As part of the project, asphalt works and line marking will be undertaken on West Lakes Boulevard and Turner Drive, West Lakes.

### Times of works

In order to minimise the impact to road users, the works will be undertaken at night at the following times, weather permitting:

- **Thursday, 3 June 2021, between 7pm and 6am Friday, 4 June 2021.**
- **Friday, 4 June 2021, between 7pm and 6am Saturday, 5 June 2021.**

### What to expect

Roads will remain open to traffic during the works, with a 25km/h speed restriction in place while workers are on-site. Lane and other speed restrictions may apply subject to onsite conditions.

Property access will be maintained throughout the works, and every effort will be made to minimise impacts to surrounding properties and road users.

There is no change to public transport services, and pedestrian access will not be affected during the works.

Please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

### About the West Lakes and Turner Drive Intersection Upgrade

This project will improve safety for all road users by reducing the risk of right turn crashes for vehicles turning right from West Lakes Boulevard into Turner Drive. The scope of works includes:

- Modifications to existing traffic signals to include three right turn arrows.
- Extension of the right turn lane to increase storage capacity on West Lakes Boulevard.
- New line marking.

The upgrade is expected to be completed in late June 2021, weather permitting.

The Department appreciates your cooperation and patience while these important works are undertaken.
