

Gawler Rail Electrification Project

King Street Bridge – Construction update

Works are continuing in the King Street Bridge area as part of the Gawler Rail Electrification Project.

Temporary road closure

To safely undertake service relocation works, the intersection of Jerningham Street, Queen Street and King Street will be temporarily closed to vehicles and pedestrians from 7am **Thursday, 17 June 2021 to 5pm Sunday, 20 June 2021**. The intersection will reopen at this completion of this stage of work.

Detours will be in place directing motorists and pedestrians to alternative access routes (refer to map). Please observe signage and directions from traffic controllers when travelling through the area.

King Street Bridge will reopen as a pedestrian bridge upon project completion at the end of 2021.

Ongoing works

Piling works have commenced and will continue to occur in stages over the coming months. Residents may notice some noise, dust and vibration from machinery, and vehicle movements while works are underway.

Utility service relocation works are continuing, including the installation of new power poles. Interruptions to electricity services, if required, will be notified in advance by SA Power Networks.

Hours of work are Monday to Saturday, 7am to 7pm. Some night works may be required however, the Project Team will provide advance notice when these works are planned.

Access to residential properties and businesses will be maintained throughout the works wherever possible, with advance notice provided if there is a need to temporarily restrict driveway access.

Every effort will be made to minimise impacts to the community.

The Department appreciates your patience and cooperation whilst these important works are undertaken.

Contact us

The Project Team will provide regular updates on construction activities as works progress over the coming months.

If you would like more information or to speak to a member of the Project Team about construction activities, please call 1300 080 834, email dit.gawlerelectrification@sa.gov.au or visit www.dit.sa.gov.au/grep
