

Glen Osmond Road and Fullarton Road Intersection Upgrade

Main Avenue & Chessington Avenue temporary closure and nightworks

The Australian and South Australian Governments have jointly funded (50:50) \$35 million to upgrade the Glen Osmond Road and Fullarton Road intersection. Once complete, the upgrade will improve travel times and road safety, increase intersection capacity and enhance network reliability.

As part of this project, drainage and asphalt works are required to be undertaken on Main Avenue between Glen Osmond Road and Avenue Road, Frewville.

What to expect

To minimise the impact to road users, **these works will be undertaken at night.**

Drainage works are scheduled to occur between the hours of **7pm and 6am on Wednesday, 26 July and Thursday, 27 July** (weather permitting).

Asphalt works are scheduled to occur between the hours of **8pm and 6am on Sunday, 30 July, Monday, 31 July and Tuesday, 1 August 2023** (weather permitting).

To safely facilitate these works, **Main Avenue will be temporarily closed between Glen Osmond Road and Avenue Road. There will be impacts to local access and private property driveways within the work zone. The project team will contact affected residents directly to provide further details. Emergency access will be facilitated as required. Access to Frewville Foodland will be via Glen Osmond Road only.**

Motorists will be required to detour via Glen Osmond Road, Frederick Street and Avenue Road. Refer to the map overleaf for details.

Please follow local detour signage and traffic controller instructions. Some noise disturbances can be expected at times while these works are completed, however, the work will be managed to minimise disturbance to nearby residents as much as practically possible.

Please plan ahead, allow extra travel time, and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area. Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours.

We appreciate your patience and cooperation whilst these important works are undertaken.
