

Northern Adelaide Suburbs Road Upgrades

The Grove Way, Atlantis Drive and Aeolian Drive, and The Grove Way and The Golden Way intersection upgrades

We are upgrading two intersections along The Grove Way in Golden Grove

These projects are part of the State Government's election commitment to upgrade or investigate potential upgrades in the northern suburbs to improve safety, access and to make travel easier for all users.

These two upgrades are funded as part of the Australian Government's Black Spot Program which directly targets improvements on high-risk roads or roads with proven crash history.

What's happening

The Grove Way, Atlantis Drive and Aeolian Drive Intersection

- Upgraded signals to add in right turn arrows from Atlantis Drive and Aeolian Drive onto The Grove Way
- Traffic signal modifications & upgrades with new phasing
- Updated line marking to improve safety at the intersection
- Upgrading pedestrian ramps
- Upgraded lighting

The Grove Way and The Golden Way Intersection

- Additional right turn lane from The Grove Way to The Golden Way (west bound)
- Traffic signal modifications & upgrades with new phasing
- Updated line marking
- Upgraded pedestrian ramps
- Upgraded lighting

How this affects you

To reduce traffic impacts the majority of works will be undertaken at night from Sunday 20 October 2024 and are expected to be complete early 2025, weather permitting.

Day works will be undertaken intermittently as required for the duration of these works.

To do this work safely, speed and lane restrictions will be in place during working hours. Please plan your trips and follow the direction of on-site traffic controllers.

Speed restrictions will remain in place outside of working hours until all works are completed.

Pedestrians and cyclists, please be cautious, some areas might have limited access for safety. We'll put up signs to guide you to other routes if needed.

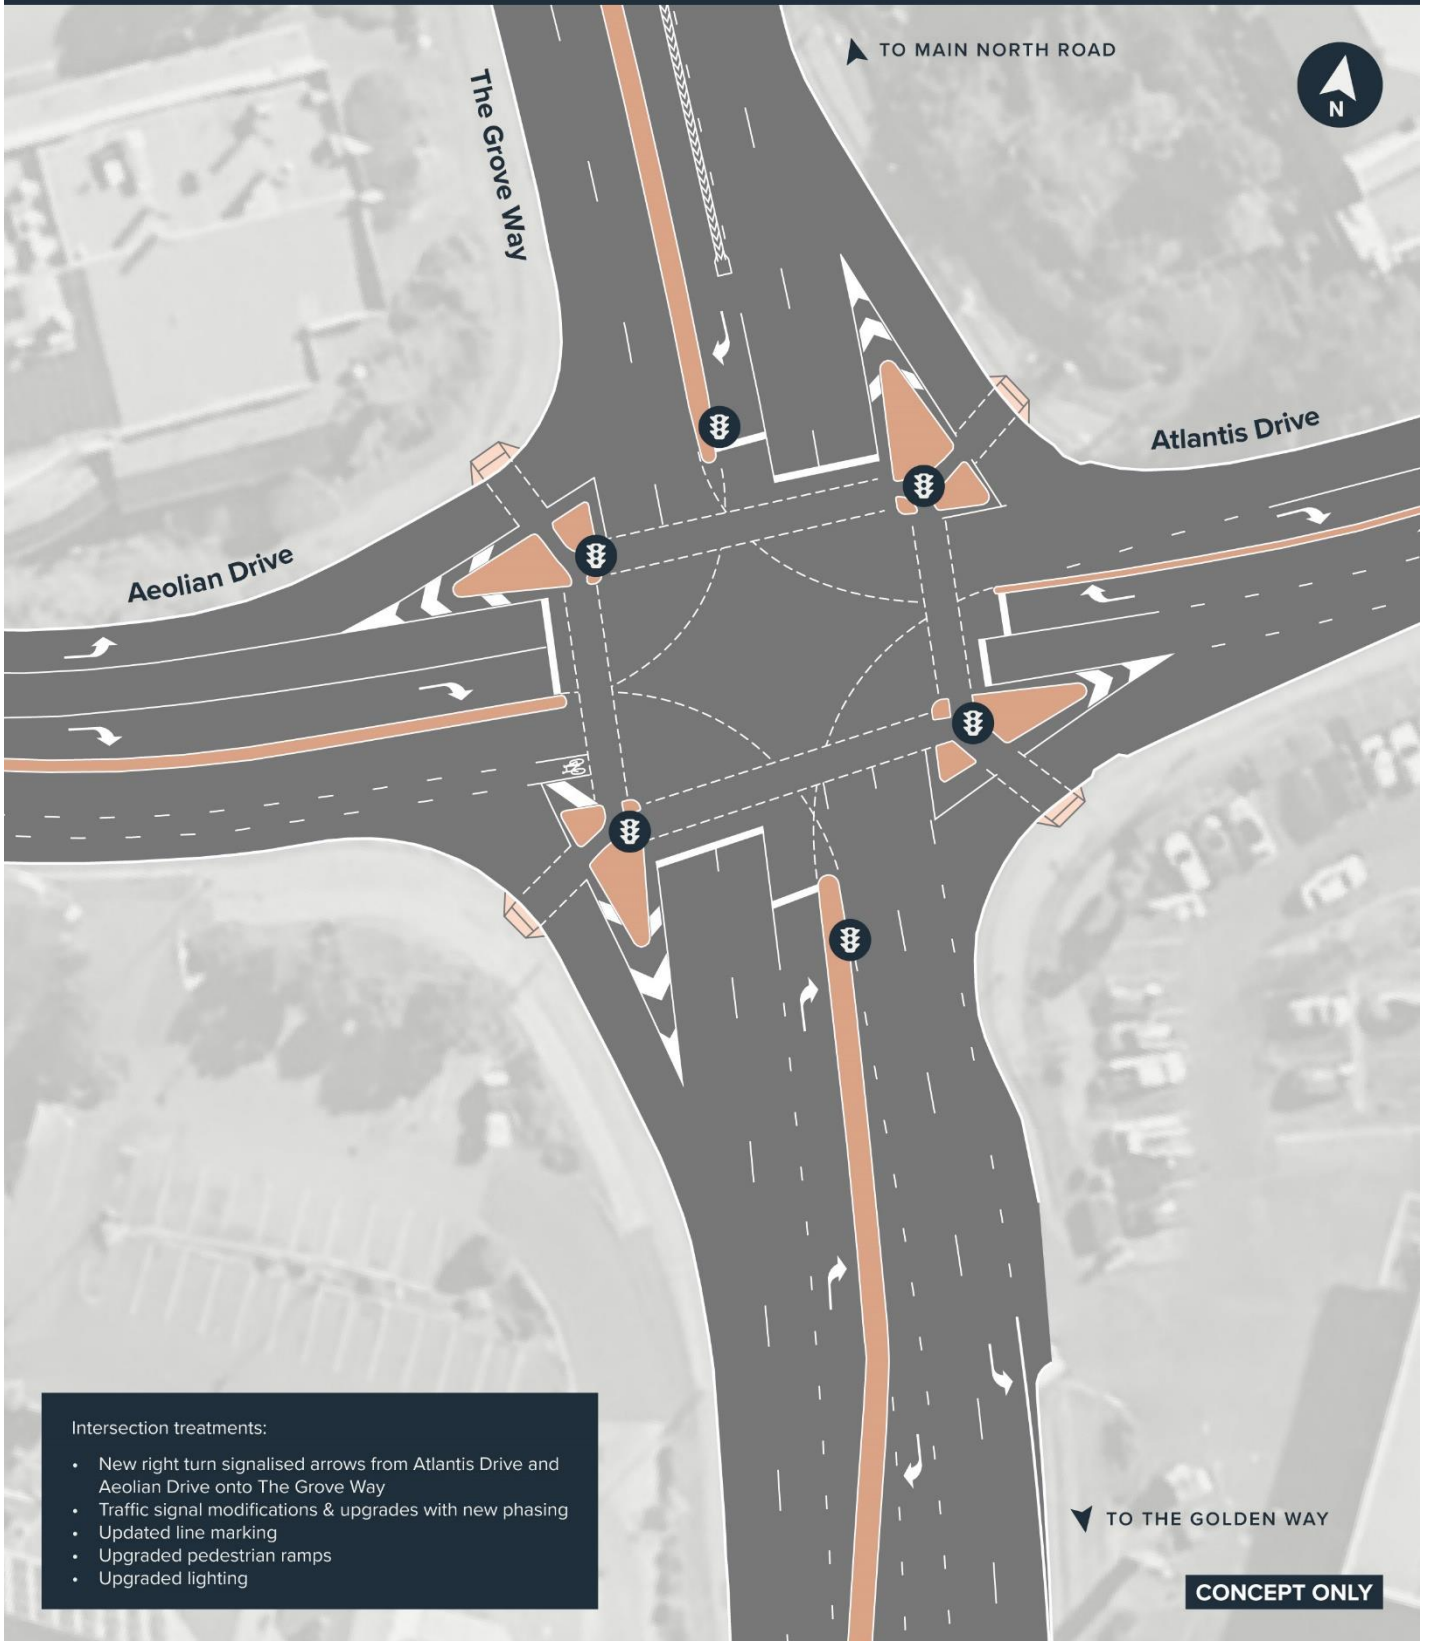

Some local side street detours may be required during these works, with advance notice to be provided via onsite signage. Please follow traffic management directions while works are in progress.

Some property access may be temporarily impacted during the night works, but we will do our best to maintain access to businesses in the area. The project team will contact affected property owners, residents, and businesses directly in advance.

Access to buses will be maintained, however, please check the latest updates on scheduled services at [adelaidemetro.com.au](https://www.adelaidemetro.com.au)
