

Majors Road Interchange

Night works and Majors Road traffic switch

We're building a new interchange to improve access to the Southern Expressway and reduce travel times

Works are in full swing at the new Majors Road Interchange with the successful completion of the concrete pour for the new widened Majors Road bridge deck and the upcoming commencement of earthworks on the northern side of Majors Road.

What's happening

To prepare for the commencement of earthworks, we will be switching traffic to the southern side of Majors Road between Adams Road and Lonsdale Road/Ocean Boulevard (new widened section) with one lane of traffic maintained in each direction.

To safely undertake these works, we will also move the temporary Majors Road Shared Use Path (SUP) to its permanent position, on the southern side of Majors Road.

Traffic switch works will be undertaken at night on **Saturday 9 November 2024**, from 7pm until 5am.

The change in traffic flow (to the southern side of Majors Road) and the SUP move will be in place from 5am Sunday 10 November 2024, weather permitting.

When

Saturday 9 November to mid December 2024, weather permitting

Hours of work

7pm to 5am

Where

Majors Road and the Southern Expressway, in the vicinity of the Majors Road bridge, O'Halloran Hill

Bridge widening works

We are continuing bridge widening works on and underneath the bridge including the installation of safety barriers on the bridge.

To safely undertake these works, from **Monday 11 November 2024 until mid-December 2024** additional speed and lane restrictions will be required on the Southern Expressway at night.

Please observe speed limits, follow local traffic controller instructions when travelling through the area.

Please plan ahead and expect some delays.

Emergency services access on the Southern Expressway and Majors Road will be maintained at all times during all works.

Project completion is expected late 2025.

We would like to thank the community for your patience and understanding while these critical works are undertaken.
