

The Grove Way and Canterbury Drive Junction and The Grove Way and Green Valley Drive Junction, Salisbury Heights

Project update

We are improving road safety and accessibility in the northern suburbs.

This program involves planning, designing and constructing upgrades to improve access to and from local roads and improve access for vehicles to travel north from Salisbury Heights.

What's happening

We are upgrading the junctions at The Grove Way and Canterbury Drive and The Grove Way and Green Valley Drive in Salisbury Heights. The upgrades include:

- Widening the centre median to facilitate safer right turns from Green Valley Drive.
- Road widening and footpath realignment to accommodate the expanded median.
- Installation of a new pedestrian refuge and pram ramps for improved accessibility and safety.

See the latest concept plans overleaf or visit our project website.

To prepare for these works, we are commencing early works including service relocations, tree and vegetation removals, and construction site preparation works.

How this affects you

Access to Canterbury Drive and Green Valley Drive from The Grove Way will be remain open during our early works.

To keep everyone safe speed and lane restrictions will be in place during work hours where works are being carried out.

Bus services in the area will be maintained, however, please check the latest updates on scheduled services at adelaidemetro.com.au

During the works, there might be some noisy disruptions from time to time, but we'll do our best to keep the noise to a minimum.

The Department is working through planting landscaping opportunities, which we will share with the community in the coming months.

Advance notice will be provided before main construction works commences in the second half of this year.

We thank you for your understanding while we carry out these important early works.
