

# Golden Grove Road Upgrade Project – Stage One

## Night works notification

Dear Resident/Business Owner/Property Owner

The Department of Planning, Transport and Infrastructure (DPTI) wishes to advise of upcoming night works as part of Stage One of the Golden Grove Road Upgrade Project.

Works include the installation of underground drainage and lighting conduits at various locations along Golden Grove Road and Hancock Road.

In order to minimise the impact to road users, the works will be undertaken each night **between 6pm and 6am, Sunday to Thursday, commencing Sunday, 9 February to early April 2020 (approximately eight weeks)**, weather permitting. Additional works may be required on other nights as necessary. Residents and businesses will be notified should this occur.

Golden Grove Road and Hancock Road will remain open to traffic with a 25km/h speed restriction in place while workers are on site, with lane closures and other speed restrictions subject to onsite conditions. Road users are advised to follow the direction of traffic management and observe traffic signage and speed restrictions when travelling through the area.

For real time roadwork information, download the AppInsight app for Apple or Android or visit: [www.traffic.sa.gov.au](http://www.traffic.sa.gov.au)

Access to properties will be maintained throughout the works. Advance notice will be provided should there be a need for any restrictions.

Every effort will be made to minimise disturbance to residents and businesses, however some noise and/or vibration can be expected from machinery and truck movements. Mobile lighting towers will also be in operation.

There is no change to Public Transport services. Pedestrian access will not be affected during these works.

DPTI appreciates your co-operation and patience while these important works are undertaken.

For further information, please call 1300 794 880 or email [dpti.ggrup@sa.gov.au](mailto:dpti.ggrup@sa.gov.au)

Kind regards

Golden Grove Road Upgrade Project Team
