

Wynn Vale Drive and Bridge Road Junction Upgrade

Works Notice

We are upgrading the junction of Wynn Vale Drive and Bridge Road in Gulfview Heights.

This forms part of the State Government's election commitments to upgrade, or investigate potential upgrades, in the northern suburbs.

What's happening:

Major works are commencing to upgrade the junction of Wynn Vale Drive and Bridge Road in Gulfview Heights.

Works will include:

- installation of traffic signals at the junction (including signalised pedestrian crossings and new CCTV)
- construction of a dedicated right turn lane from Bridge Road into Melville Road
- construction of an indented bus stop at stop 43C Bridge Road – East side

These works will improve safety and access for all road users.

How this affects you:

To undertake this work safely, there will be changes to existing traffic conditions. During work hours speed and lane restrictions will be in place throughout the area. Please follow traffic management directions while works are in progress.

To minimise the impact to road users, some work is required at night. Outside of working hours speed restrictions will remain in place as required.

Bus stop 43C Bridge Road - East side will be temporary relocated during works. Please observe signage at the bus stop and check the latest updates at adelaidemetro.com.au.

Refer to map overleaf for more information.

When

Friday 28 February 2025 to mid-July 2025, weather permitting

Hours of operation

Dayworks

Monday to Friday
9am to 4pm

Nightworks

Monday to Friday
7pm to 6am

Some weekend work will be required

Pedestrians and cyclists might also need to use a different path during the works. Signage will be in place to guide you to alternative routes.

Access to properties will be maintained at all times, with advance notice provided if there is a need to temporarily restrict driveway access.

We appreciate your patience while these important works are undertaken.
