

# Wynn Vale Drive and Bridge Road junction upgrade

## Project Update

As part of the State Government's election commitments, the Department for Infrastructure and Transport (the Department) is upgrading or investigating potential upgrades, in the northern suburbs to improve safety, access and traffic flow. These election commitments, across twelve locations, includes upgrading the Wynn Vale Drive and Bridge Road junction in Gulfview Heights.

### The proposed concept design includes:

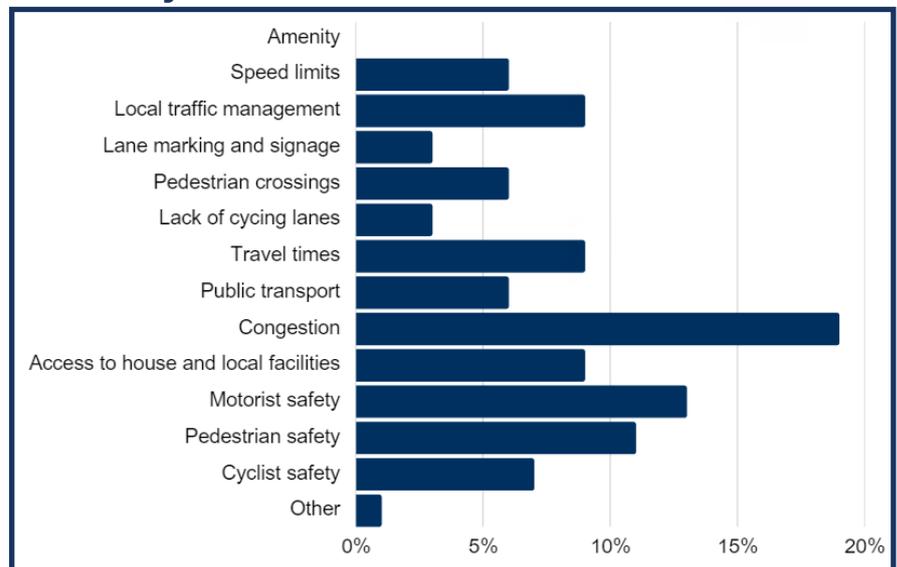

- installation of traffic signals at the Wynn Vale Drive and Bridge Road junction, including signalised pedestrian crossings on Bridge Road and Wynn Vale Drive;
- road widening to accommodate a new dedicated right turn lane into Wynn Vale Drive and Bridge Road;
- installation of new dedicated right turn lane into Melville Road from Bridge Road;
- removal of right turn movements into and out of Christine Avenue at the junction of Bridge Road;
- installation of new concrete centre median on Bridge Road; and
- new and upgraded footpaths shared use paths.

In late 2022, we sought community feedback to help inform the planning for important upgrades across the northern suburbs. We would like to thank everyone who took the time to provide feedback. These local insights have informed the development of the proposed concept design, which is now available for public **feedback until Sunday, 13 August 2023.**

### What you told us

The 23 survey responses identified their main mode of transport along Wynn Vale Drive as: 70% car, 12% walking, 16% public transport, 6% bicycle and 6% commercial vehicle. Local insights outlined there are opportunities to improve congestion, pedestrian safety and motorist safety.

### Summary of feedback received

We now invite you to view and provide feedback on the proposed concept design for the Wynn Vale Drive and Bridge Road junction upgrade. A copy of the concept design is included overleaf and on the project website at [www.dit.sa.gov.au/northroadupgrades](http://www.dit.sa.gov.au/northroadupgrades)

# Wynn Vale Drive and Bridge Road Junction - Concept Design

### Christine Avenue traffic changes

As part of the upgrade, right turn movements into and out of Christine Avenue will be removed. Careful consideration has been given to retaining the right turns, however safety and the performance of the intersection will be greatly improved by facilitating uninterrupted traffic flows through the area (including two lanes in each direction on Bridge Road).

Further information on the need to remove these movements, and information on other options considered as part of the planning process, are available on the project website.

Visit [www.dit.sa.gov.au/northroadupgrades/faq](http://www.dit.sa.gov.au/northroadupgrades/faq) for more information.

### Have Your Say

**Community and stakeholder engagement is important for the successful delivery of this project.**

We now invite you to view and provide feedback on the proposed concept design for the Wynn Vale Drive and Bridge Road junction upgrade.

Please provide your feedback by **5pm Sunday, 13 August 2023** either via the survey or face-to-face at a drop-in community information session.

### Feedback Survey

You can access the feedback form by scanning the QR code or by visiting the project website at [www.dit.sa.gov.au/northroadupgrades](http://www.dit.sa.gov.au/northroadupgrades)

### Vegetation impacts

To achieve these critical upgrades, tree and vegetation removal will be required. Removal of impacted vegetation will be carefully supervised by an arborist. We will work with interested parties and local council regarding offset and re-vegetation opportunities as the project progresses.

### For more information

If you would like to register to receive project updates, have any questions or to provide feedback on the project, please:

- email [DIT.Engagement@sa.gov.au](mailto:DIT.Engagement@sa.gov.au)
- visit [www.dit.sa.gov.au/northroadupgrades](http://www.dit.sa.gov.au/northroadupgrades)
- phone 1300 794 880 or
- scan the QR code below.

### Drop-in community sessions

Please join us at one of the below information sessions to speak to members of the project team and view the proposed design at **The Reserve on the corner of Wynn Vale Drive and Bridge Road, Gulfview Heights:**

Please drop by anytime:

- Wednesday, 2 August 2023 between 11am and 1pm.
- Saturday, 5 August 2023 between 11am and 1pm.
