The \$150 million initiative is jointly funded by the Australian Government (80%) and South Australian Government (20%) over five years.

What's happening

We are undertaking investigation works along the length of Kangarilla Road, between Clarendon and Kangarilla.

These investigations will support planning for potential upgrades at this location.

How this affects you

To do this work safely, there will be changed traffic conditions. Speed and lane restrictions will be in place during work hours.

Works will move progressively along Kangarilla Road, and traffic restrictions will be applied only at work locations.

Please plan your trips, be cautious around workers, and follow the speed limits and signage.

Outside of working hours, Kangarilla Road will be fully open to traffic with no restrictions in place.

Minor noise disturbances can be expected while works are being undertaken, but we will minimise any disturbance to residents as much as practically possible. Access to properties will be maintained for the duration of works

We thank you for your patience and understanding while we complete these important works.

We are planning for better and safer roads across the Adelaide Hills

We are working to ensure our roads are well maintained

Investigating to achieve the best outcomes for Kangarilla Road
