

Magill, Portrush Roads Intersection Upgrade

Dear Resident/ Property Owner/ Business Owner

The Australian and South Australian Governments have announced \$98 million joint funding for the upgrade of the Magill and Portrush Roads intersection, with the cost shared equally.

The Australian Government commitment is part of the Commonwealth Urban Congestion Fund. The State Government's contribution addresses recommendations of the State Government's Keeping Metro Traffic Moving Report. The report identifies this intersection as a priority location for treatments that address road congestion and keep traffic flowing

The intersection of Portrush Road and Magill Road is part of the National Land Transport Network and forms part of the Outer Ring Route, which is a major traffic route and freight route.

The upgrade will:

- Improve travel times
- Improve safety for all users
- Improve network reliability
- Improve economic productivity

Community and stakeholder engagement forms an important part of this upgrade and as planning progresses there will be extensive consultation with land owners, businesses and residents to help inform the preferred concept and design.

Early works are planned to start in 2020, with project completion expected in 2023.

Please telephone 1300 794 880 if you have an enquiry or email us at DPTI.CommunityRelations@sa.gov.au

Please visit infrastructure.sa.gov.au/magill for updates or to register your interest in the project.

Kind regards,

Community Engagement Team
