

# Cross Road and Fullarton Road Intersection Upgrade

## Night works

The Australian and South Australian governments have jointly funded (50:50) \$61 million to upgrade the Cross Road and Fullarton Road intersection. Once complete, the upgrade will improve travel times and road safety, increase intersection capacity, and enhance network reliability.

During these works on this upgrade, **the intersection will remain open to traffic at all times**. Speed and lane restrictions will be in place in the vicinity of the works. While the majority of these works are being undertaken during the day, some night works are required to ensure the works can be undertaken safely and efficiently.

### Night works

From Monday, 9 January 2023, night works will recommence in various locations through and around the intersection to undertake stormwater drainage installation and asphalt works, as required between the hours of 7pm and 6am, Sunday to Thursday, until late January 2023, weather permitting. Advance notice of future night works will be provided as works progress.

Please take extra care when workers are on site and observe speed limits, lane restrictions and traffic controllers when travelling through the area. Access to properties will be maintained throughout these works.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible. This includes scheduling intrusive works early evening where possible. You may also notice some odour which is common when asphalt works are underway.

Following the new intersection configuration being opened to traffic on Tuesday, 13 December 2022, we ask that road users familiarise themselves with the changed traffic conditions in and around the new intersection. Please see the map overleaf for more information.

The project team will contact individual property owners if driveway access is affected by the works.

### Further information

For more information, or to register for project updates please contact the project team via phone on 1800 271 168, by email to [DIT.CrossFullarton@sa.gov.au](mailto:DIT.CrossFullarton@sa.gov.au) or by visiting [www.dit.sa.gov.au/cross\\_fullarton](http://www.dit.sa.gov.au/cross_fullarton)

We appreciate your patience and cooperation whilst these important changes are implemented.

Kind regards

**Cross Road and Fullarton Road Intersection Upgrade project engagement team**
