

Wynn Vale Drive and Bridge Road Junction Upgrade

Site investigation night works

The Department for Infrastructure and Transport (the Department) is working to improve access and safety at the junction of Wynn Vale Drive and Bridge Road in Gulfview Heights. This forms part of the State Government's election commitment, to upgrade, or investigate potential upgrades, in the northern suburbs to improve safety, access and make travel easier for all users.

Thank you to everyone who took the time to provide feedback on the proposed concept design for the Wynn Vale Drive and Bridge Road junction upgrade. This feedback will help inform the final design which will be released in the coming months.

Further site investigations and survey works are now required to develop a further understanding of the existing road conditions. This work will also help to inform the final design.

What to expect

To minimise impacts to road users these investigation works will be undertaken at night between 8pm and 5am on Tuesday, 17 October and Wednesday, 18 October 2023, weather permitting.

To safely undertake these works speed and lane restrictions will be in place on Wynn Vale Drive and Bridge Road, in the vicinity of the junction. Please follow the directions of onsite traffic controllers and observe traffic signage when travelling through the area. Outside of work hours, speed and lane restrictions will be removed.

Pedestrians and cyclists are advised to take care when travelling throughout the area. For safety reasons there may be some restricted access. When required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours. Every effort will be made to minimise impacts to the community.

Access to properties will be maintained and every effort will be made to minimise impacts to surrounding roads and properties.

Further information

For more information on the project, or to register for project updates, please call 1300 794 880, email DIT.Engagement@sa.gov.au or visit www.dit.sa.gov.au/northroadupgrades
