

# South Australian Regional Bridge Upgrades

## Onkaparinga Valley Road, Balhannah

**We are upgrading the bridge over Junction Creek, Balhannah.**

These works are jointly funded by the Australian and South Australian governments to upgrade a series of bridges and culverts across South Australia.

### What's happening

Works to upgrade the bridge over Junction Creek in Balhannah are continuing with the majority of works being undertaken during the day.

Traffic will be moved onto the westbound lane from 4 September 2024, so we can work on the other side of the bridge.

Some night works will be required in mid-September for approximately 3 nights, weather permitting to carry out asphalt works. Properties in the vicinity of these works will be provided advance notice prior to night works commencing and onsite signage will be in place.

### How this affects you

To safely facilitate these works, traffic will continue to be reduced to a single lane on Onkaparinga Valley Road with temporary traffic signals in place to control the direction of traffic, at all times.

Speed restrictions will be in place throughout the work area for the duration of the project. Please follow traffic management directions while works are in progress and take extra care when workers are on site.

During the works, there will be some noisy disruptions from time to time, but we'll do our best to keep the noise to a minimum.

Bridge works are expected to be complete late September 2024, weather permitting. Minor finishing works will be undertaken following the completion of these works.

We would like to thank you for your ongoing patience whilst these works are undertaken.

#### When

Wednesday 4 September 2024 to late September 2024, weather permitting

#### Hours of work

##### Day Works

Monday to Saturday between the hours of 7am and 5pm

##### Night Works

Monday to Friday between the hours of 7pm and 5am

#### Where
