

INFORMATION FOR RESIDENTS AND BUSINESSES

UPDATE on construction activities | March to May 2018

Major construction works on the Torrens Rail Junction Project are complete however some construction activities are required before handing back to the Community. These include:

- **March 2018:** Remaining works will continue during day and intermittent night shifts. This includes landscaping, resurfacing of roads and shared use paths, installation of fencing and the installation of street furniture such as wayfinding signage and bike racks.
- **From 29 March to 2 April 2018:** From Thursday 29 March after the last train to Tuesday 3 April 2018 before the first train, we will undertake final rail and signalling works on a 24/7 basis along the Outer Harbor and Grange, and the Gawler rail lines.
- **April to May 2018:** Landscaping and re-planting of trees and plants in the Park Lands and Bowden will commence in April and continue through Autumn.

Construction impacts

Rail works over the Easter weekend from 29 March to 3 April require the use of tamping and regulating machinery. Whilst some inconvenience can be expected, every effort will be made to minimise disturbance to the local community. Bowden, Hindmarsh and North Adelaide residents and businesses in close proximity to the works may experience noise, dust and vibration, all of which will be closely monitored and managed within recommended guidelines.

Vehicles, pedestrians and cyclists

As we near full completion of the project, the number of heavy and light vehicles has significantly reduced. Signage and traffic controllers are in place to advise of changed conditions and ensure safe access for road users, pedestrians and cyclists.

- **Park Terrace** resurfacing works, median works and footpath reinstatement are currently underway day and night during weekends and off-peak traffic periods. Changes to traffic lanes and speed restrictions will be in place until April 2018.
- **Gibson Street** is now open to vehicles, pedestrians and cyclists.
- **Drayton Street**, between East Street and Third Street, will remain temporarily closed to vehicles, pedestrians and cyclists until April 2018.
- **East Street**, at the rail crossing, is permanently closed to vehicles, pedestrians and cyclists. The remainder of East Street will open to vehicles, pedestrians and cyclists in April 2018.
- **Outer Harbor Greenway**, from Drayton Street to the Park Lands via Park Terrace underpass, will open in April 2018.

TORRENS RAIL JUNCTION PROJECT

22 March 2018

Government of South Australia
Department of Planning,
Transport and Infrastructure

Public transport services

The **Outer Harbor and Grange, and the Gawler rail lines** will be temporarily closed over the Easter weekend from the first service Friday 30 March 2018. Services on the Gawler line will resume from first service Monday 2 April and services on the Outer Harbor and Grange line will resume from first service on Tuesday 3 April 2018. Substitute buses will be provided and will replicate the existing train timetables as closely as practicable. For public transport information, please visit www.adelaidemetro.com.au.

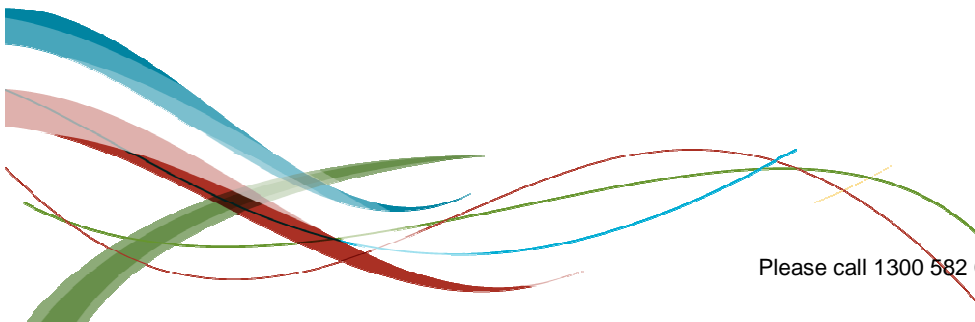

Further information

The Torrens Rail Junction team appreciates your continued and ongoing support as we deliver this landmark project for South Australia. For project information or to opt-in for updates visit www.infrastructure.sa.gov.au/TRJ, email dpti.trj@sa.gov.au, or contact us on **1300 582 071**.

Kind regards,

Community Relations Team
