Participating Agencies AGFMA FMSP Contractors

Purpose

This Fact Sheet provides information regarding Agency Participation in the Across Government Facilities Management Arrangements (AGFMA).

The AGFMA

The AGFMA is the mechanism by which the South Australian Government uses to ensure that facilities around the state are properly maintained, so that they remain safe and fit for purpose for the delivery of the essential community services they support.

In-Scope Agencies

All State government-funded Agencies that own or operate building facilities are In-scope of the AGFMA, unless the site is operated by a private entity – in such an instance, an agreement designating responsibilities for site and asset maintenance must be in place. For more information, refer to the [‘Services Scope – Sites and Assets’ Fact Sheet](#). **Table 1**. AGFMA In-Scope Agencies are referred to as Participating Agencies within the AGFMA.

Should State government-funded Agencies¹ not listed in **Table 1** own or operate building facilities, those Agencies are required to advise the Department for Infrastructure and Transport (DIT) AGFMA Team (refer to contact details below) so that maintenance services occur under the AGFMA.

The Chief Executive (or equivalent) of each Participating Agency is required to execute a Memorandum of Administrative Arrangement (MoAA) with the DIT Chief Executive. This document defines the respective roles, responsibilities and interfaces between Participating Agencies, DIT as the central agency responsible for the AGFMA, and the government appointed Facilities Management Service Provider (FMSP).

For Agencies which have a predominantly volunteer based workforce, DIT will work with these Agencies to ensure that an optimal scope of services outcome is reached for Government. This will include a signed agreement that will be endorsed by the Chief Executive of DIT.

Process to seek exemption from the AGFMA

In accordance with the July 2021 Cabinet Submission, Participating Agencies who wish to seek exemption from the AGFMA will only be able to do so if they:

1. Prepare a business case justifying their proposed exemption;
2. Seek endorsement from the Chief Executives of DIT and Department of Treasury and Finance; and
3. Make a submission to Cabinet to secure approval for an exemption.

¹ Agencies includes Departments, Authorities and or Entities.
