

Darlington Upgrade Project

Introduction of permanent access arrangements

South Road, St Marys

4 - 5 August 2019

New permanent access arrangements on South Road and at the Tonsley Boulevard/South Road intersection will be implemented overnight on Sunday 4 August 2019, as part of the Darlington Upgrade Project.

These permanent arrangements include:

- Signalised right turn from South Road to Tonsley Boulevard
- Signalised right turn from Tonsley Boulevard to South Road
- Left turn with care from Tonsley Boulevard to South Road
- Left turn with care from South Road to Tonsley Boulevard
- Through movement from Tonsley Boulevard to Brookman Avenue
- Signalised u-turn for southbound vehicles on South Road to travel north.

New northbound access arrangements from Shepherds Hill Road to South Road will also come into effect at the same time.

These new arrangements will see northbound motorists on Shepherds Hill Road passing underneath the new Ayliffes Road bridge and then travelling in two northbound lanes adjacent the southbound carriageway of Main South Road. One of these lanes will allow motorists to turn left into Tonsley Boulevard and one will allow motorists to continue travelling north on Main South Road.

Please refer to the plan overleaf for further details.

Works to implement the above changes will be undertaken from 8pm Sunday 4 August, with all changes to be in place by 6am Monday 5 August 2019. There will be short-term traffic impacts while the changes are being implemented, with traffic controllers on-site to direct motorists as required.

Speed and lane restrictions will be in place during the works and motorists are advised to take care when driving through the area.

These works are weather dependant so may need to be rescheduled in the case of inclement weather.

If you have any questions or would like to speak to a member of the project team, please contact us on 1300 759 334 or alternatively email: enquiries@gatewaysouth.com.au.

Thank you for your patience while these important works are undertaken.

Kind Regards,
Darlington Upgrade Project Team
