

# Flinders Link Project

## Night Works

The existing Tonsley rail line, which currently ends at Clovelly Park Railway Station, is temporarily closed for essential testing and driver training before it reopens as the Flinders rail line in the coming weeks.

The line was due to be closed for approximately two weeks from Friday, 20 November, however this critical testing and commissioning of the new Flinders Line has had to be delayed as a result of the recent COVID-19 outbreak in South Australia.

Night works are needed to complete signalling and commissioning within the rail corridor of the Flinders Line.

**When:** Friday, 11 December to Monday, 14 December 2020, between 7pm and 7am.

**Where:** within the rail corridor of the Flinders Line.

Some noise disturbance and low level vibration can be expected at times while these works are completed, however, the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

Reversing beepers on worksite vehicles may be disruptive, however to ensure safety onsite during the works, they cannot be switched off.

### Road closures

There are no planned road closures, however, localised traffic management will be in place during the works.

Please observe signage and traffic controllers when travelling through the area.

Access to properties will be maintained throughout the works. Pedestrian access will not be affected by these works.

If you have any questions please contact us on 1300 928 345 or email: [dit.flinderslinkproject@sa.gov.au](mailto:dit.flinderslinkproject@sa.gov.au)

Thank you for your patience while these important works are undertaken.

Kind regards,  
Flinders Link Project Team
