

# Glen Osmond Road and Fullarton Road Intersection Upgrade

## Gladstone Street temporary closure and nightworks

The Australian and South Australian Governments have jointly funded (50:50) \$35 million to upgrade the Glen Osmond Road and Fullarton Road intersection. Once complete, the upgrade will improve travel times and road safety, increase intersection capacity and enhance network reliability.

As part of this project, drainage works are required to be undertaken on the southbound lanes of Fullarton Road from Glen Osmond Road to just south of Gladstone Street, Fullarton.

### What to expect

To minimise the impact to road users, **these works will be undertaken at night.**

Works at Gladstone Street are scheduled to occur between the hours of **7pm and 6am on Wednesday, 9 August, Thursday, 10 August, Sunday, 13 August, Monday, 14 August and Tuesday, 15 August 2023** (weather permitting).

To safely facilitate these works, **Gladstone Street will be temporarily closed at Fullarton Road during working hours. In order to maintain access for local residents, a traffic controller will be positioned at the junction of Glen Osmond Road and Gladstone Street and will facilitate both entry and exit from this location.**

Speed and lane restrictions will be in place in the vicinity of the works. Please take extra care when workers are on site and observe speed limits, lane restrictions and traffic controllers when travelling through the area. Please follow detour signage and traffic controller instructions.

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours.

Some noise disturbance can be expected at times while these works are completed, however, the work will be managed to minimise disturbance to nearby residents as much as practically possible. You may also notice some odour which is common when asphaltting works are underway.

We appreciate your patience and cooperation whilst these important works are undertaken.

### Further information

For more information, or to register for project updates please contact the project team via the details below:
