

# Streaky Bay Jetty Remediation

## Works notice

**We are upgrading the Streaky Bay Jetty to improve the jetty's structural integrity and lifespan.**

These works are being undertaken as part of the SA Jetties Renewal Program that is in place to assist local councils to address critical works across the State's jetties. The program is designed to ensure ongoing public access to jetties, which provide significant economic, social, and environmental benefits for communities.

## What's happening

We are undertaking remediation works on the Streaky Bay Jetty. Works will include installation of new structural piles, cross brace brackets and fenders to facilitate vessels berthing and mooring.

Site establishment works, including setting up the construction are ongoing with major works on the jetty commencing from Monday 21 October 2024, weather permitting.

The construction compound will be located between Alfred Terrace and the foreshore.

## How this affects you

**To safely undertake these works the Streaky Bay Jetty will temporarily close to all users from Monday 21 October 2024 for the majority of the project.**

Berthing and mooring will not be possible at the jetty during this time. The swimming enclosure will also be temporarily closed during the refurbishment works for safety reasons.

Access to the jetty's shelter on the landside of the jetty and the public toilets will be maintained throughout the project. Access to car parking adjacent Alfred Terrace will also be maintained.

### When

Monday 21 October to mid-2025, weather permitting

### Hours of work

**Monday to Saturday**  
7am to 6pm

**Sunday**  
8am to 5pm

### Where

Streaky Bay Jetty, Streaky Bay

## OFFICIAL

Some noise can be expected while works are ongoing, we will however make every effort to minimise impacts as much as practically possible.

We are working closely with the District Council of Streaky Bay to facilitate the New Year's fireworks celebrations and Family Fish Day in January 2025 from the jetty.

No works will be undertaken during the Christmas/New Year period between Friday, 20 December 2024 and Wednesday 8 January 2025.

**All works are expected to be completed mid-2025, weather permitting.**
