

Main North, Kings and McIntyre Roads Intersection Upgrade

Night Works Notification

Night works involving the installation of new traffic signal and stormwater infrastructure for the Main North, Kings and McIntyre Road Intersection Upgrade Project will continue into April 2021.

The \$13 million project jointly funded (50:50) by the Australian and South Australian governments will improve travel times, connectivity, capacity and safety for all users.

To minimise the impact to road users and ensure the works can be completed safely and efficiently, these works are being undertaken **between 7pm and 6am, Sunday to Thursday. No works will be undertaken on Friday and Saturday nights.**

Night works to install traffic signal conduits on both Main North Road and Kings Road, on the southern corner of the intersection, **commenced in mid-February 2021, and will continue into April 2021**, weather permitting. Drainage pipes will also be installed on the eastbound carriageway of Main North Road between Freda Thompson Place and just east of Ayfield Road, Parafield, **from Sunday, 28 March 2021, for approximately one week**, weather permitting.

Speed and lane restrictions will be in place in the vicinity of the works, however the intersection will remain open to traffic at all times.

Please take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Small excavators, tipper trucks, vac trucks and light vehicles will be used during these works, and some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disruption as much as practically possible.

Every effort will be made to minimise impacts to surrounding properties and road users, as much as practically possible. Access to properties during these works will be maintained.

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours.

The Department for Infrastructure and Transport appreciates your patience and cooperation whilst these important works are undertaken.

For further information regarding these works or to register for future updates, please visit: www.dit.sa.gov.au/mainnorth, contact the project team via email at dit.communityrelations@sa.gov.au or call 1300 749 443.

Kind regards,

Main North Road, Kings and McIntyre Roads Intersection Upgrade Project Team
