

How to develop a public transport journey plan

Adelaide Metro Journey Planner

This guide provides a quick overview of how to easily plan your journey using public transport.

1. To access the online Journey Planner visit www.adelaidemetro.com.au. The Journey Planner tool is located on the homepage (large circle). Fill out the origin and destination locations, date and time of required journey, method of transport (if applicable) and click on 'Plan Journey'. For more journey planning options select 'show more options' (small circle).

The screenshot shows the Adelaide Metro website homepage. The 'Plan My Journey' section is highlighted with a red circle. It includes fields for 'From' (77 Grenfell street adelaide) and 'To' (Norwood oval, the parade norwood). Below these are fields for 'When' (Date: 02/11/12, Time: 11:35 AM) and 'Travel by' (checked: Bus, Train, Tram; unchecked: School bus). A 'Plan Journey' button is visible. A yellow circle highlights the 'Show more options' link below the 'Plan Journey' button. Other sections include 'Metrocard', 'Service Updates', and 'Timetables'. The top navigation bar includes 'Home', 'Plan My Journey', 'Timetables & Maps', 'Tickets', 'Announcements', 'Using Adelaide Metro', 'About Us', 'Contact Us', and 'My Metro'. The top right corner shows the weather (14° Victor Harbor) and a search bar.

- The proposed journey is displayed as both written directions (indicating distance and time taken) and on a map. The map traces the proposed route in red (it is possible to zoom in for more detail).
- To narrow your search by the type of public transport, limit the number of transfers or the distance you walk in the trip click on the 'Edit' tab at the bottom of the page (orange circle). You can also do this on the home page by clicking on the 'Show more options' tab at the base of that screen.
- It is possible to print the map and directions by clicking on the print tab at the bottom of the page.
