

# Woodlands Park Railway Station

## Station upgrade

The State Government has committed \$4.5 million to upgrade Woodlands Park Railway Station.

### What's happening:

The upgrade includes:

- re-configuration of the existing shelter structure, including demolition of the northern platform building (redundant ticket office);
- upgrade to the platform amenities including seating, bins, weather screens and platform voice annunciator;
- improved platform shelter lighting;
- improved underpass lighting;
- platform resurfacing including new line marking and installation of tactiles;
- new wayfinding signage;
- installation of CCTV and upgrade to the Passage Information Display Screens.

### How this affects you:

**To undertake these upgrades safely and efficiently, Woodlands Park Railway Station will be temporarily closed from Monday 22 January until late April 2024.**

**A bus substitute service will operate from Stop 17 Adelaide Terrace – west side between Woodlands Park and Edwardstown Railway Stations to connect passengers to the Seaford/Flinders train services.**

For further information about the bus substitute and public transport services, including timetables or to plan your journey, please visit [www.adelaidemetro.com.au](http://www.adelaidemetro.com.au)

#### When

From Monday, 22 January 2024 - late April 2024

#### Hours of operation

Day Works: 7am – 5pm

Night Works: 7pm – 7am

#### Where

Woodlands Park Railway Station

Government  
of South Australia

Department for Infrastructure  
and Transport

## OFFICIAL

The station underpass will also be closed during the temporary station closure. Pedestrians will be directed to use the pedestrian crossing at the north end of the station. Please see detour map over the page. Pedestrians and cyclists are asked to take care when travelling through the area.

On street parking near the station along Adelaide Terrace and Railway Terrace will be reduced. Traffic management will also be in place, including speed restrictions and lane closures intermittently during construction. Please take care when travelling through the area and observe signage and traffic controllers.

Access to nearby properties will be maintained at all times and every effort will be made to reduce impacts to local residents, businesses, public transport users and local road users.

Some noise disturbances can be expected at times while these works are completed, however, the work will be managed to minimise disturbance to nearby residents as much as practically possible. Access to properties will be maintained and every effort will be made to minimise impacts to surrounding properties and road users.

For information about public transport services, including timetables or to plan your journey, please visit [www.adelaidemetro.com.au](http://www.adelaidemetro.com.au).
