

South Australian Regional Bridge Upgrades

Onkaparinga Valley Road, Balhannah

We are upgrading a series of bridges and culverts across regional South Australia to extend the service life of the structures and improve safety for road users.

What's happening:

Following the suspension of works in late 2023, works to replace the bridge over Junction Creek, on Onkaparinga Valley Road, near Bridge Street, Balhannah will recommence shortly.

How this affects you:

To safely facilitate these works, traffic will be reduced to a single lane on Onkaparinga Valley Road with temporary traffic signals in place to control the direction of traffic.

Speed restrictions will also be in place throughout the work area for the duration of the project. Please take extra care when workers are on site.

Observe speed limits, lane restrictions and traffic controllers when travelling through the area. Please see map overleaf for details. If night works are required, advance notice will be provided to residents in the vicinity of the works.
