

Happy Valley Drive Intersections Planning Study

Works notification

We are working to improve safety and reduce waiting times at the Happy Valley Drive and Chandlers Hill Road intersection and the Happy Valley Drive and Windebanks Road junction.

What's happening:

As part of our ongoing planning study, we are undertaking site investigation works at the Happy Valley Drive and Chandlers Hill Road intersection and the Happy Valley Drive and Windebanks Road junction.

How this affects you:

To safely carry out these works there will be changes to traffic conditions to keep everyone safe. Speed restrictions will be in place on Happy Valley Drive during working hours. Please follow traffic management directions while works are in progress.

We'll maintain access for properties throughout the works wherever possible, with advance notice provided if there is a need to restrict driveway access temporarily. Access for emergency vehicles will be maintained at all times during works.
