

Main North Road, Kings and McIntyre Road Intersection Upgrade

Night Works Notification – August

Dear Resident / Business Owner,

Night works to assess the condition of the existing stormwater network for the Main North Road, Kings and McIntyre Road Intersection Upgrade will commence on Monday, 31 August, and continue for approximately four nights, weather permitting.

The Department for Infrastructure and Transport (the Department) will be upgrading the intersection of Main North Road, Kings and McIntyre Road to improve travel times, connectivity, capacity and safety for all users. The \$13 million project is jointly funded (50:50) by the South Australian and Australian Governments.

Night works are required to undertake investigative works, which will involve CCTV cameras being placed in the stormwater drains to identify the alignment and condition of the stormwater network. The data collected as part of these works will help inform the project's detailed design.

In order to minimise the impact to road users and ensure these works can be completed safely and efficiently, works will be undertaken at night between **7pm and 6am Monday, 31 August, concluding 6am Friday, 4 September**, weather permitting.

Speed and lane restrictions will be in place in the vicinity of the works, however, the intersection will remain open to traffic at all times.

Please take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Vac trucks and light vehicles will be used during these works, and some noise disturbance can be expected at times while these works are completed however, the work will be managed to minimise disruption as much as practically possible.

Access to properties during these works will be maintained. Every effort will be made to minimise impacts to surrounding properties and road users, as much as practically possible.

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours.

The Department appreciates your patience and cooperation whilst these important works are undertaken.

For further information please visit the project website at www.dit.sa.gov.au/mainnorth or to contact the project team email DIT.CommunityRelations@sa.gov.au or phone 1300 794 880

Kind regards,
